WIND STORM

Ferryboat Laurance Caught in Gale—Signs Carried Away and Windows Blown Out—Many Narrow Escapes From Injury

Last afternoon between 4 and 5 o'clock dark and portentous clouds gathered in the Northwest, and with light rain and high wind traversed East passing over this city at a velocity of eighty or ninety miles an hour. Every one for a time left the streets and sought shelter to escape possible injury from the wrath of the storm which continued for not over twenty minutes, but while it lasted was something fierce.

On the river it was terrific. The ferryboat Laurance was caught in the gale while attempting a landing on this side and was driven out in the stream and spun around like a top, and for a period was helpless and at the mercy of the storm. After being carried down stream a distance she worked her way to the Ohio side.

The large signs of Rasp Bros. and Bee Hive, together with coping stones of building, weighing about five hundred pounds, were blown over onto the pavement. A young lady who had the temerity to be out in the storm and happening to pass by at the time, narrowly escaped being struck by the falling debris.

The dormer window in O'Connell's building in Market street, was blown out; Dinger Bros.' delivery wagon, horse driver and all, was caught in a suction of wind and lifted entirely off the street; a large pane of glass in Dr. Smoot's window in Cox Building was blown from its fastening in the sash and sailed out into the street, striking a Mr. John Reetz, who was walking in the middle of the street and was opposite Cahlish's store at the time—inflicting deep cuts on his head and neck.

In other parts of the city and county devastation of fences, trees, &c., is reported. In many sections the wind was accompanied by a heavy hail storm. Fortunately no one was killed.

Colonel David Hechinger, accompanied by his wife and Dr. Taubee, left last night on the Eastbound C. and O. Fast Flyer for Baltimore, Md., where he will undergo a surgical operation in the Johns Hopkins Hospital.

Got Off Easy

In the Circuit Court yesterday in the case of the Commonwealth against Kemp Ball, charged with striking to wound, the Jury returned a verdict of guilty and his fine was fixed at \$10 and costs. Little enough, don't you think?

Another Tax Raise For Mason County

Judge Rice received a communication from the State Board of Equalization at Frankfort this morning informing him that 10% should be added to assessed value of land and personal property subject to equalization, and 10% added to town lots.

Taxway, the noted brood mare belonging to E. S. Powell & Sons of Lincoln county, is dead at the age of 24 years. Her offspring brought her owners over \$10,000.

William F. Blackwell, one of the end men of Coburn's Minstrels, died at his home at Bowling Green, after a second hemorrhage of the bowels following an attack of typhoid fever.

At Mt. Sterling, \$1,035, with interest for three years, and costs, was the verdict given in favor of James R. McGowan against the C. and O. Railroad, as damages for the injury to his fine trotting mare, Mendosa Worthy, several years ago. The mare, one of the fastest in America, was injured while being shipped from one point to another. The railroad will appeal the case.

Just 419 Years Ago

Four hundred and nineteen years ago Monday, on April 17th, 1492, Ferdinand and Isabella gave Columbus permission to explore for a new country, and the great United States was the result.

The trial of Mrs. LIZZIE BROOKS, charged with killing Mrs. MARY BINFORD January 16th at Fort Worth, Texas, has brought out some unusual evidence. According to the statement of a number of women, Mrs. BROOKS prayed for Mrs. BINFORD daily for two years, asking Divine intervention in making her a better woman. Miss IDA STEPHENS, a Deaconess in the First Methodist Church, said she actually had knelt in prayer with Mrs. BROOKS when the latter prayed for Mrs. BINFORD. It appears

FOOT CRUSHED OFF

Ed. Neel, Colored, of Arp, Ga.,
Crippled For Life Under Train

This morning about 7 o'clock, Edward Neel, aged 36 years, of Arp, Georgia, a colored man employed on Wells' double-tracking force on the C. and O., attempted to board a moving freight train at Springdale and had his right foot and ankle crushed to a pulp under the ponderous wheels.

Neel was brought to the depot in Maysville at 8 o'clock this morning on a handcar and afterwards removed to the operating rooms at Wilson Hospital, where Dr. A. O. Taylor, the Company's Surgeon, amputated the foot above the ankle.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

that Mrs. BINFORD was permitting the attention of Judge BROOKS, husband of the woman accused. All of the circumstances connected with the case indicate that Mrs. BROOKS tried prayers for two years and then resorted to a revolver. It is maintained by some who were familiar with the case that the resort to prayer was what is sometimes known as a "frame-up" that would look good in defense when presented to a Jury. This, however, is only a rumored notion and there may be nothing in it. Mrs. BROOKS is pleading the unwritten law in her defense, taking the position that a wife has as much right to defend the sanctity of her home as the husband.

The Winchester Sun-Sentinel says: "Late in 1886 the price of barley tobacco declined and the best prices were from 3 to 6 cents. In the early part of 1887 no preparations were being made for raising a crop, and the Trust advanced the price from 18 to 20 cents."

The Sick

There is no improvement in the condition of Dr. W. S. Yazell this morning.

The news from the bedside of Mrs. Rosa Heiser this morning is very encouraging. Dr. Oramer, her attending physician, says with no back set she will be able to return home in ten days.

A Notable Event

The celebration of the twenty-fifth marriage anniversary of Mr. and Mrs. John Eitel last night at their spacious County Home in West Third street was a most delightful and enjoyable affair. About one hundred and fifty were present and the hours glided by on golden wings, with music, dancing, cards, games and social converse. At 11:17 the big bell in the Courthouse cupola announced that the banquet hall was ready to receive and entertain the invited guests. From the house the march was taken up for the Temple of Justice, where tables had been arranged in the third story in the old Masonic rooms, and ye Gods, such a feast was there, my countrymen.

It would require too much space to dwell on the occasion; suffice, however, to say that each one present had a delightful evening, and after wishing host and hostess many happy returns of the day by unanimous vote declared them most charming entertainers. The presents were many and beautiful, all being of silver.

The guilty parties were Annie Tipton, Stella Jackson, Myrtle Graham, Belle Dempsey, Frances Poyntz, Elie Kelly, William Coleman and Kennedy Frazier. The Poyntz woman was the only one to liquidate, the others were committed to Jail. The charge was disorderly conduct, and the testimony was lascivious in character.

The willows East of Limestone street have been a great summer resort and rendezvous for all kinds and classes of worldly people, and many shady transactions have taken place 'neath its umbrageous foliage. Now that the good old summer time is approaching the place is again assuming new life. Yesterday a big crap game was going on, but the intrusion of the police broke up the sport and caused the arrest of Walter Stockton, Will Davis and another colored man called "Black Cat," while a number made their escape. The three were placed in Jail and will be tried in the Police Court today.

This is the third matrimonial venture for both parties.

Immediately after the ceremony Mr. and Mrs. Thompson left for Cincinnati for a few days' stay, after which they will return and take up their residence in this city.

FIRST BLOOD OF WAR
Dr. A. G. Browning of This City Witnessed Historic Occurrence

Yesterday's Cincinnati Post contained: "Today in History—April 19th, 1861, the first blood of the Civil War was shed when a mob of Southern sympathizers at Baltimore attacked the Sixth Massachusetts Regiment, which was passing through that city on their way to the defense of the National Capital."

This recalls a tragic incident, essentially a part of that insane occurrence. We were boarding with Mrs. Jones, widow of Hon. George Jones, once Clerk of U. S. Senate, on New York avenue. Something called me to Baltimore that day. I bore a message to Mrs. Jones' brother, a prominent business man there. Hearing of the rioting at the depot, he and I, with others, walked to a suburban point on the railroad to view the passing of the train bearing the Massachusetts troops. We sat on some cross-ties near the track, quite a crowd in our rear. The car windows were open and soldiers in full view. Suddenly there was a pistol shot from behind. Some lunatic had fired at the car. Instantly a number of guns were thrust from the windows and discharged at random into the crowd about. A number were wounded, but my unfortunate acquaintance was killed outright, sitting immediately beside me. I wired a sad message to my landlady in Washington.

DELICATE CHILDREN

Made Strong and Healthy by Vinol

"I wish I could induce every mother who has a delicate, sickly child, to try your delicious cod liver and iron tonic, Vinol. "It restored our little daughter to health and strength after everything else had failed. It tastes so good she loved to take it—not a bit of cod liver oil taste. Mrs. C. W. Stump, Canton, Ohio." (We guarantee this testimonial to be genuine.)

The reason Vinol is so successful in building up puny, delicate, ailing children is because it is a combination of the two most world-famed tonics,—the medicinal body building elements of cod liver oil, aided by the blood making and strength creating properties of tonic iron. It contains no oil, and children love to take it and it cannot harm the most delicate child.

If we can induce you to try a bottle of Vinol as a body builder and strength creator for your child, and you do not find it is all we claim, we will return your money on demand. John C. Pecor, Druggist, Maysville, Ky.

KEEP THE KIDNEYS WELL

HEALTH IS WORTH SAVING, AND SOME MAYSVILLE PEOPLE KNOW HOW TO SAVE IT

Many Maysville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when most all diseases and aches and pains due to weak kidneys can be quickly relieved by the use of Doan's Kidney Pills. The following statement leaves no ground for doubt:

John O'Neill, Front street, Augusta, Ky., says:

"I willingly give my name as an endorser of Doan's Kidney Pills as I believe there is no other kidney remedy on the market today equal to them. They have been used on numerous occasions by myself and other members of the family and have never failed to bring the desired results. I am sometimes exposed to the weather and this served to weaken my kidneys, as ever cold I contracted caused back-ache. Doan's Kidney Pills quickly rid me of the annoyance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The entertainment at the schoolhouse Wednesday evening given by the schoolchildren was a very enjoyable affair. Most of the patrons and hosts of friends of the school were present. The program, rather a long one, was interesting from start to finish, showing careful training in every detail—not a mistake was made. The house was filled to overflowing, excellent order prevailed. All agree that Miss Bean knows how to prepare and have carried out a most attractive program and that she is a kind and efficient teacher as well.

A REAL "SCAREM" SKIRT

Four-Quarter Garment Appears on Streets of New York—Lately From European Cities

The harem skirt had hardly made its first appearance in New York when a dangerous rival, an even newer creation of the dress-maker's art, sailed into port. The newest thing is called the four-quarter skirt. It came in on the steamship Prinz Friedrich Wilhelm, and it caused great excitement whenever it appeared on deck during the voyage.

The designer of the four-quarter skirt has made so attempt to obtain a trousers effect. The new garment is like the director's skirt, only much more so. Instead of being slit on one side it is slit in front, behind and on both sides. This divides it into quarters and gives an excuse for its name.

At the bottom flaps are fastened together. This gives it in a heavy gale the appearance of a ruptured balloon, but it prevents the flaps from getting in the wearer's eyes and obstructing her vision.

Dumb Chills and Fever

Douglasville, Tex.—"Five years ago, I was caught in the rain at the wrong time," writes Miss Edna Rutherford of Douglasville, "and from that time, was taken with dumb chills and fevers and suffered more than I can tell. Cardui does one thing and does it well. That's the secret of its 50 years of success. As a tonic there is nothing in the drugstore like it. As a remedy for women's ills it has no equal. Try it. Price \$1.

Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 10% TO 25% OF COAL BILLS.
A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:
